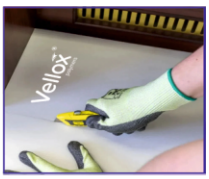
2. Packaging & Separator 04

3. Storage & Advertising 05

4. Signage & Random 06

FLOOR PROTECTION



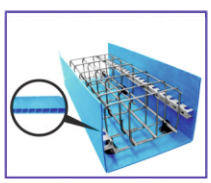
TEMPORARY FLOOR PROTECTION

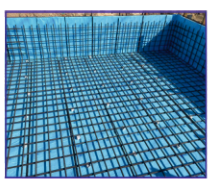
Our high-quality temporary floor protection solutions are designed to safeguard floors during construction, renovation, or heavy traffic. Made from durable materials, our floor protection products offer excellent resistance to stains, scratches, and impact, ensuring your surfaces stay in pristine condition throughout the project. Easy to apply and remove, they provide reliable protection for all types of flooring.

CONSTRUCTION

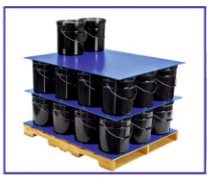
CONSTRUCTION

VELLOX POLYMERS PP sheets are perfect for wall and door protection, safeguarding surfaces from damage during construction. They also serve as an effective waterproof membrane, preventing moisture infiltration. Additionally, these sheets are ideal for beam form applications, offering strength and reliability while ensuring project efficiency and protection.





PACKAGING



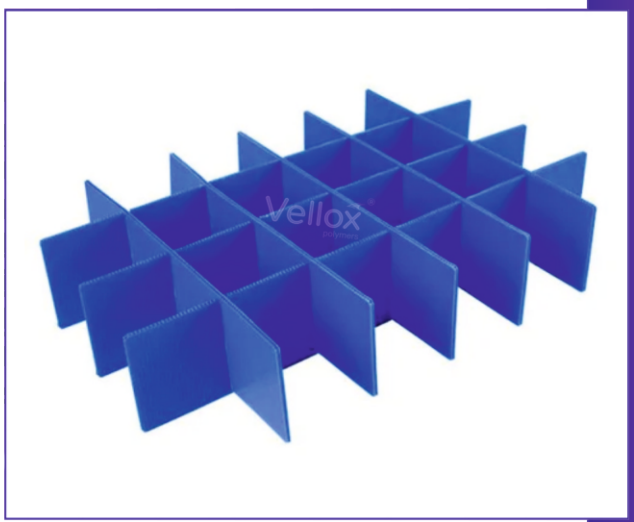
PACKAGING

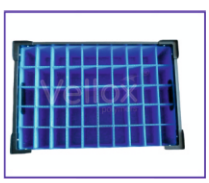
VELLOX POLYMERS PP sheets provide excellent protection for packaging various items such as auto parts, fruits, and more. With their strength, moisture resistance, and lightweight nature, these sheets offer reliable and cost-effective solutions to safeguard products during transportation and storage.

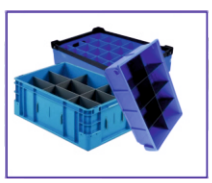
SEPARATOR

SEPARATORS

VELLOX POLYMERS PP sheets are ideal for creating separators, layer pads, and dividers, providing efficient organization and protection for products during storage and transportation. Their strength and flexibility make them suitable for a wide range of uses across industries, ensuring optimal performance and cost-effective solutions.







STORAGE

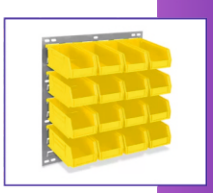
STORAGE

VELLOX POLYMERS PP sheets are perfect for creating storage boxes, recycle bins, warehouse storage solutions, trays, and totes. Offering strength, flexibility, and resistance to wear, these sheets help organize and protect goods efficiently, making them an ideal choice for various storage applications.

ADVERTISING

ADVERTISING

VELLOX POLYMERS PP sheets are ideal for advertising applications, including display stands, advertising displays, fan hands, and printable sheets. Lightweight yet durable, these sheets offer excellent print quality and are perfect for creating eye-catching and long-lasting marketing materials.



SIGNAGE

SIGNAGE

VELLOX POLYMERS PP sheets are perfect for creating safety signs, for-sale signs, barricades, and other signage needs. With excellent weather resistance and printability, these sheets provide a long-lasting and reliable solution for both indoor and outdoor applications.

RANDOM

RANDOM

VELLOX POLYMERS PP sheets are ideal for a variety of creative and practical uses, including tree guards, flower pots, toy house designs, and more. Lightweight yet strong, these sheets offer flexibility and reliability for diverse applications across different industries and projects.

Specification

Sr.	THICKNESS	WEIGHT	Width	Length
1	2 mm	250-600 GSM	1220 MM	As per requirements
2	2.5 mm	300-750 GSM	1220 mm	As per requirements
3	3 mm	350-900 GSM	1220 MM	As per requirements
4	3.5 mm	400-1000 GSM	1220 mm	As per requirements
5	4 mm	550-1100 GSM	1220 MM	As per requirements
6	4.5 mm	600-1200 GSM	1220 mm	As per requirements
7	5 mm	650-1300 GSM	1220 MM	As per requirements

Specification

THICKNESS
Vellox sheets can be produced in a thickness between 1.5 and 10 mm. We can advise you on what thickness to choose depending on the purpose of use.

WEIGHT
The weight of Vellox sheets is expressed in GSM (grams per square meter). The higher you choose your GSM, the stronger and stiffer the material will be.

SIZE
Vellox sheets are available in many sizes. The length can be as long as required; the width is limited to 240 cm.

COLOR
Our customers can choose any color for the sheets or printed artwork. Just tell us what you need, and we can provide you with a sample.

VIRGIN AND RECYCLED POLYPROPYLENE
We can use 100% virgin polypropylene to produce your sheets. Another option is to let us recycle up to 20% of our internally regenerated polypropylene.

CUSTOM PRINTING
Vollex sheets can be supplied with high-resolution, full-color printing. Send us your design, and we can directly print it onto the sheets in our factory.

FIRE-RETARDANT SHEETS
A fire-retardant version of Vellox sheets is available. Please let us know the fire rating you require, and we will produce the sheets accordingly.

CORONA TREATMENT
We give our customers the option of printing their own sheets. If you choose this option, we will give the sheets a corona treatment to ensure they are well prepared for printing.

UV PROTECTION
Vollex sheets can be produced with a UV protectant. This will extend the life of the sheets and their print work when exposed to the sun.

PUNCTURE RESISTANCE
We can supply our Vellox sheets in any requested puncture resistance grade. Just let us know the PR you require, and we will supply the product including a test report.
